Year 9 Year 10	13 14		2010 2009		
Year 11 Year 12	15 16		2008 2007		

- NOTES:**
1. The child's year at school should be used as the primary determinant for team allocation.
 2. The child's age as of July 1 should be used as the secondary determinant.
 3. There will be one weigh-in per player. Once a player has been officially weighed, that is the weight for the season, no re-weighing after games or at a later date.
 4. Players who weigh over the maximum weight for any grade must move to a weight appropriate grade.
